

G3

Just like real world battling

Introduction

G3 is a 7.1 multi-channel omnidirectional gaming headset for your furious battling in the game. Featuring the innovative dual engine dynamic spread spectrum technology, sound positioning is tremendously accurate. You'll never miss any enemy in all directions. With quality microphone, you'll have a smooth conversation with your team players and thoroughly immerse in the gaming. While playing, the blue breathing light also gets you into the battle with all guts. To enjoy endless gaming fun, just pick up G3 and give it a shot.

Features

Circumaural headset: Premium circumaural headset with retractable headband for comfortable wearing.

Omnidirection: 7.1 multi-channel and omnidirectional design is a must for high notch gaming headset. Whenever your enemy is approaching from any side, you'll precisely point out their position and fire at them.

Dual Engine Technology: Innovative DE(Dual Engine) dynamic spread spectrum technology allows a higher level positioning skill.

Quality microphone: Ensure clean and precise communication between your team players.

Breathing light: Create a dazzling gaming world.
