

# 600 Mbps Speeds and 300-Meter Range

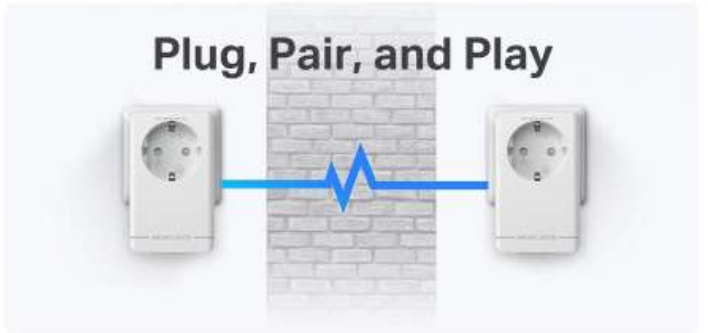

300m

300-Meter  
Range

Compatible with  
All Routers

4K  
Streaming

Extreme Online  
Gaming

Graphics-  
Intensive  
Applications

# Plug, Pair and Play!

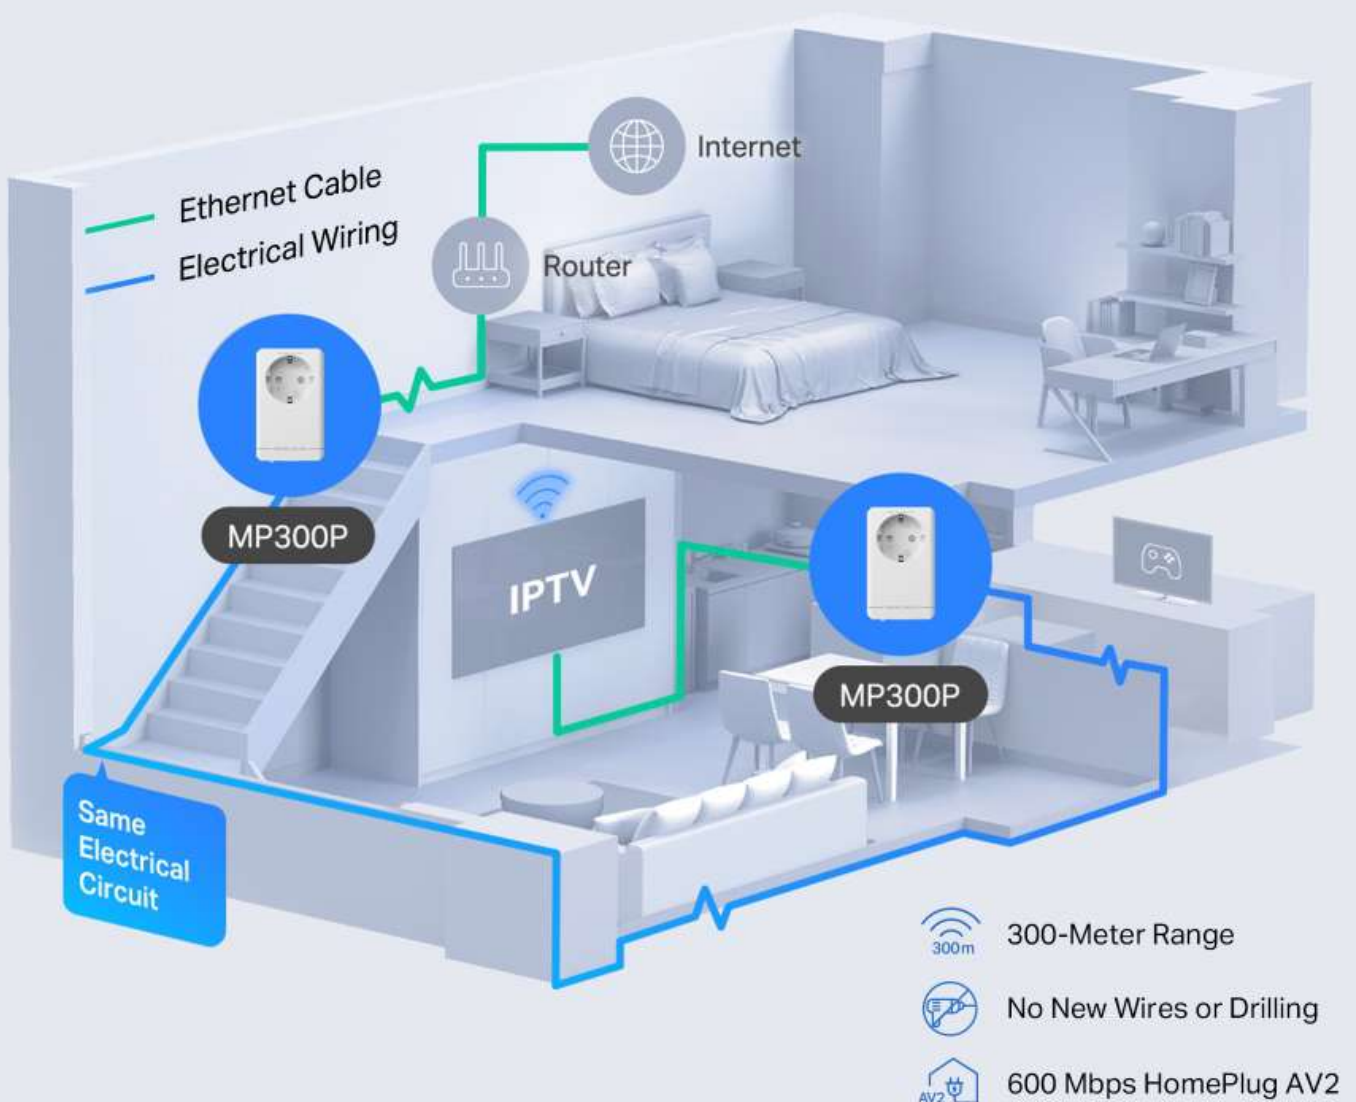

**Step1:** Simply connect an MP300P adapter to your router

**Step2:** Plug another one into any outlet where you need wired internet service

**Step3:** Finally, press the "Pair" button on each adapter

# Where There's an Outlet, There's a Network.
